

# Academy Leaders' Collaborative

*... an institute for transformational leadership training.*

The Career Academy Leaders' Collaborative is a powerful learning opportunity for District Leaders and educators who are interested in school and community transformation through the implementation of the Career Academy Model. The year-long fellowship consists of three in person and two virtual learning experiences that develop adaptive leadership and organizational change capacity as well as a deeper understanding of the National Standards of Practice as a framework for excellence. The goal of the Collaborative is to harness the power of collective wisdom through the creation of a network of school leaders. The network's mission is to provide support, to share best practices, and to inform the group of new innovations in the field.

## **Tentative Dates/Locations:**

- July 25-27 in Tampa (dinner on Wednesday night, full day meeting on Thursday, and half day on Friday)
- November 3-4 Connected to the NCAC National Conference (full days on Saturday and Sunday)
- February 13-15 in the Atlanta area (dinner on Wednesday night, full day on Thursday, and half day on Friday)

## **Interested applicants should have the following attributes:**

- Individuals who are recognized by their organization as having strong leadership potential.
- Individuals interested in implementing the career academy model.
- Individuals that seek and value a collaborative approach when working with others.
- Comfortable with the fluidity and complexity of transformational change.
