

Student Ambassador Training

Mini-Modules

National Career
Academy Coalition
PROFESSIONAL LEARNING

Description:

This brief series of Leadership Mini-Modules was created specifically for Student Ambassadors in grades 9-12. These Mini-Modules are designed for high school implementation, with 5 modules in each grade level. Covering topics such as Active Listening, Problem Solving, Conflict Resolution, ChatGPT, Strategic Planning & Vision Setting, plus many more, these Mini-Modules are concise, effective, and relevant to enhance student understanding and grow their skill sets as youth leaders within your district. The price is \$2,000 for single purchase/one school.

*note: this mini-modules series is a great supplement to our Student Ambassador Full-Day Training! Implementation tips include incorporating these mini-modules throughout the year (following a late spring or summer student ambassador training day) as an approach to provide continued learning for your student ambassadors and keep them engaged in practicing their skills!
